**TASTINGS**

Tastings are normally scheduled two months in advance to your wedding. We require at least one week in advance reservation for scheduling. We schedule tastings for either Tuesday through Friday for Lunch or Wednesday through Friday for Dinner. In order to make the reservation we will need to know which delectable items you would like to try. You may select up to four hors d'oeuvres, two salads and two to three entrees for your tasting. In addition, we only do the tasting for Prime Rib on Thursday evenings. However, since this is our most popular evening at the club for our Member's we request that if you are not selecting Prime Rib then to please select another day or evening time. You are allowed up to four guests for a tasting. Please contact your Catering contact to make reservations.

**MULTIPLE ENTRÉES**

Multiple entrées are not recommended, however they can be provided for with the following considerations. Only **two** entrées will be approved by our Executive Chef. All menus must have the same Salad, Starch and Vegetable. You will be responsible for providing color coded place cards for each guest (not couple) to identify prior-selected entrées. Sonterra should be notified 7 (Seven) days prior to the event as to the code of color identification for each entrée and the guarantee of each selection. Once the guarantee is set, you can only increase the count but not decrease the count. Changes or discrepancies on the day of the event that result in preparation of additional food items will be at the expense of the client. It will be the Chef's option to select which entrée will be provided as the 5% back-up (back-up provided by Sonterra).

**DAY OF COORDINATION**

The Day of Coordinator will contact you approximately three weeks prior to set up a time to go through your schedule of events on the day of your wedding. In addition, your coordinator will work with your other vendors for scheduling on the day of your wedding.
